V. Old Business:
   A. The CUCSA questionnaire is due on August 31, so a brainstorming session was held to discuss our answers. Although there was a discussion at the last meeting on polling the general BSA membership on question 1, this did not happen since the time was short. The questions from CUCSA were:
      1. What does your assembly believe are the three most pressing issues facing staff at your location?
      2. What role does your assembly feel it plays (if any) in addressing staff issues?
      3. If your assembly has decided to address the issues above, what steps do you plan to take?
      4. What do you see as your local assembly’s greatest strengths?
      5. What do you see as your local assembly’s greatest weaknesses?
      6. In what specific ways could CUCSA best support your local assembly?
      7. Please provide a copy of your local assembly’s current strategic plan.

The results of the brainstorming session are attached below.
B. All committee chairs should send a list of the members of their committees to Kathleen Valerio.

VI. New Business:
   A. Lee Forgue is forming a committee for the upcoming Operating Procedures/ByLaws revision – she will ask for volunteers from the CC via email and will invite those at the Fall Luncheon who are interested. Beverly Skinner, Paul Riosfski, and former Chair Terry Downs have expressed interest in this project.

Respectfully submitted,
Lee Forgue, Secretary

   c. EIM.
   d. Mentorship.
   e. Chancellors' Chat.
   f. Quarterly interface of officers with campus leadership.
   g. 3yr rotation of CC membership provides continuity.
5. What do you see as your local assembly’s greatest weaknesses?
   a. Size of membership relative to number of staff on campus.

6. In what specific ways could CUCSA best support your local assembly?
   b. Networking is at CUCSA level only. Take stronger leadership in helping local assemblies network with each other.
   c. Provide more ways for the local assembly members to attend/participate in CUCSA activities, both formal and informal. This can be inspirational for local members whether or not they have ambitions to be CUCSA delegates.
7. Please provide a copy of your local assembly’s current strategic plan.
   a. We have no “strategic plan” as such right now, however, this is something we hope to address in the future.
